
Cation of Wake On LAN functions on N8104-173(Dual Port 10GBASE-T LOM Card)

After applying the Firmware version 7.18.80 in the Starter Pack(Ver S8.10-009.01) to N8104-173(Dual Port 10GBASE-T LOM Card), use PORT1 for Wake On LAN function.

Depending on conditions, Wake On LAN function may NOT work with PORT2.
